(c) Failure on the part of HOLDER or of the GOVERNMENT to fulfill any of the terms and conditions of this Contract, other than HOLDER's obligations to make payments of money that accrued before the commencement of the force majeure, shall not be deemed to be a breach of the Contract by either party, insofar as such failure arose by force majeure.

(e) The party failing to fulfill the terms and conditions of this Contract because of force majeure shall give written notice to the other party of the obligations affected and the reasons for failure within 30 days after the occurrence.

B8.42 - Liability for Loss

If standing trees or TIMBER are destroyed or damaged by an unexpected event that significantly changes its nature, such as fire, wind, flood, insects, disease, or similar cause, the party holding title shall bear the value loss resulting from such destruction or damage. B8.0 - PERFORMANCE AND SETTLEMENT

B8.1 - Non-Waiver

The failure of either party, at any time, to require performance by the other party of any provision shall in no way affect the party's rights to enforce that provision or any of the other provisions of the Contract; nor shall the waiver by either party of the breach provisions be taken or held to be a waiver of any subsequent breach of a provision or as a waiver of the provision.

B8.2 - Approval and Consent

Any approvals and consents required under the terms and conditions of this Contract shall not be unreasonably withheld or delayed, nor granted subject to conditions that are unduly onerous or discriminatory against HOLDER.

B8.3 - Disputes and Claims

(a) Failure by HOLDER to submit a CLAIM for resolution within 60 days of the disputed action by AUTHORITY shall relinquish AUTHORITY from any and all obligations whatsoever related to the dispute.

(b) Any CLAIM arising under this Contract shall be decided by CONTRACTING OFFICER. CONTRACTING OFFICER shall have 60 days after receipt of the CLAIM, or such longer time as the parties may agree upon, to consider HOLDER's CLAIM and such evidence as HOLDER may present.

[Handwritten signatures]

(b) FEES are due as stated in AUTHORITY Regulation 107-07, on Certain Forest Fees.

(c) The annual Land Rental Bid payment is due on the dates stated in Section B7.11(b); however, if AUTHORITY fails to give HOLDER written notice of the amount due at least 15 days before the due date, payment is due 15 days after AUTHORITY gives HOLDER that notice and provides a written copy to the Ministry of Finance.

B7.33 -- Payment Guaranteed by Bond or Deposited Securities

(b) HOLDER may also provide individual security through advance deposit in the designated account or additional Performance Bonds. If HOLDER provides such individual security, the GOVERNMENT shall draw upon such security on the date the payments become due, unless HOLDER gives AUTHORITY and Ministry of Finance other written instructions for drawing upon such security.

The provisions of this Section apply unless Part VI of AUTHORITY Regulation 107-07, on Certain Forest Fees, or some other applicable law is more stringent.

(b) Failure to pay amounts due within 30 days of the date due is a breach of this Contract.

(c) If payment is not credited within 30 days after the date due:

(i) AUTHORITY shall assess and the GOVERNMENT shall collect a penalty of five percent.

(ii) The GOVERNMENT may collect the payment, plus any penalties, plus any interest assessed under subparagraph (c)(iii), through the Performance Bond required under Section B3.15. Such collection does not cure the breach or waive AUTHORITY's right to seek remedies based on the breach. However, it does stop accrual of further interest.

(iii) On amounts past due more than 60 days, AUTHORITY shall assess and the GOVERNMENT shall collect interest at the standard interest rate published by the Central Bank, compounded monthly, on all amounts and penalties past due, with the interest on both the amounts and the penalties accruing from the dates the original amounts were due.

(iv) To facilitate collection of debt, AUTHORITY may waive penalties under this Section if HOLDER in arrears pays all amounts due, with interest, within 1 year of the amounts coming due.

B7.25 - Liquidated Damages

Unnecessary damage to or negligent or willful cutting of undesignated standing trees by HOLDER, as described in Sections B7.21, B7.23, and B7.24, or otherwise, is likely to cause substantial silvicultural or other damage to the forest. It will be difficult, if not impossible, to determine the amount of such damage. Therefore, HOLDER shall pay as fixed, agreed, and liquidated damages an amount equivalent to the market value of any LOGS plus the cost of restoring appropriate vegetative cover to the cut area as determined by AUTHORITY. If removal is allowed by CONTRACTING OFFICER, HOLDER shall remove and pay all required FEES for the TIMBER, in addition to the liquidated damages and any assessed penalties.

B1.0 - INTERPRETATION AND DEFINITIONS

The following rules of interpretation govern this Contract, unless the Contract expressly provides otherwise:

- (i) All written plans, certificates, approvals, communications, and notices required under this Contract must be in English.
- (ii) All monetary amounts in this Contract are stated in United States dollars. All MONETARY OBLIGATIONS are payable in United States dollars.
- (iii) All references in this Contract to statutes, regulations, and codes of practice incorporate the material as it may be from time to time amended. If the material is repealed, the reference is to the material that replaces the repealed material, as determined by the CONTRACTING OFFICER.
- (iv) There are no oral provisions to this Contract, the whole agreement is in writing. At the time of signing, this document reflects the whole agreement.
- (v) Future modifications or additions to this Contract must be in writing.
- (vi) This Contract does not create any sort of agency, partnership, joint venture, or other business entity.
- (vii) Time is of the essence. That means that if this Contract goes before a court, the court should honor the time limits and deadlines in this Contract as firm unless the parties agree to waive them.
- (viii) If a court determines that some part of this Contract is invalid, the parties want the court to strike only the offending provision and not the entire Contract.
- (ix) Each party wants to keep a legally valid "original" of the signed Contract. Therefore, the parties are signing two duplicate original versions of this Contract. If a court is ever asked to admit the text of this Contract into evidence, the parties ask the court to consider either duplicate original document to be acceptable proof of the Contract.

- (d) Requests for approval outside of the ANNUAL OPERATIONAL PLAN must include the proposed plans of the improvement.

- (d) Allow the GOVERNMENT to construct roads, highways, railways, telegraph and telephone lines, and other transportation or communication facilities within the CONTRACT AREA, if they do not unreasonably interfere with HOLDER's activities and the GOVERNMENT provides fair compensation for damage caused, including property damage, lost profits, and other economic losses.

The GOVERNMENT may choose to retain these assets or, with written notice to HOLDER, require HOLDER to remove or dispose of any or all such improvements. Should HOLDER fail to remove or dispose of PLANT AND EQUIPMENT within 90 days, AUTHORITY may dispose of these improvements at HOLDER's expense. HOLDER shall dispose of construction materials, materials from the demolition of assets, and other wastes in a lawful and environmentally responsible manner.

(c) The disposition of PLANT AND EQUIPMENT on private land will be based on the terms of the occupancy lease, right-of-way, or easement that allowed use under Section B4.13.

Nor shall HOLDER interfere with the rights of water enjoyed by any PERSONS under the Land and Native Right Ordinance. HOLDER shall ensure that its use of water in no way results in environmental damage or creates other hazards.

(a) HOLDER shall pay the GOVERNMENT an annual contract administration fee as required under Section 32 of AUTHORITY Regulation 107-07, on Certain Forest Fees.

(b) HOLDER shall pay an annual area fee to the GOVERNMENT as required under Section 33 of AUTHORITY Regulation 107-07, on Certain Forest Fees. For purposes of calculating the area fee, the land subject to this Contract is the adjusted area determined under Section B7.11 (a).

(c) HOLDER shall pay an annual coupe inspection fee to the GOVERNMENT as required under Section 34 of AUTHORITY Regulation 107-07, on Certain Forest Fees. For purposes of applying that section, the ANNUAL OPERATIONAL PLAN contains the annual coupe plan.

B7.14 – Forest Product Fees

HOLDER shall pay forest product fees to the GOVERNMENT in the amounts and at the times established by Part IV of AUTHORITY Regulation 107-07, on Certain Forest Fees.

B7.2 – Other Payment Rates

B7.21 – Timber Cut Through Mistake

Standing trees smaller than the minimum diameter limit specified in Section B6.22, cut by HOLDER through mistake and included by CONTRACTING OFFICER, shall be removed and paid for by HOLDER at the LOG stumpage fee rate.

B7.22 – Timber Damaged Without Negligence

Standing trees smaller than the minimum diameter limit specified in Section B6.22, damaged without negligence by HOLDER and designated by AUTHORITY, shall be cut, removed, and paid for by HOLDER at the LOG stumpage fee rate.

[Handwritten signatures]

B7.23 - Timber Unnecessarily Damaged or Negligently or Willfully Cut

Standing trees smaller than the minimum diameter limit specified in Section B6.22, unnecessarily damaged or negligently or willfully cut by HOLDER, if included by CONTRACTING OFFICER, shall be cut, removed, and paid for by HOLDER at the LOG stumpage fee rate. Such damage is a breach of the Contract. In addition to any penalties that may be incurred, HOLDER shall pay liquidated damages under Section B7.25.

B7.24 - Careless Felling or Extraction

HOLDER shall pay the sum of the LOG stumpage fee and LOG export fee for MERCHANTABLE LOGS damaged or broken by careless felling or extraction and not removed, in addition to any penalties that may be incurred.

B7.25 - Liquidated Damages

Unnecessary damage to or negligent or willful cutting of undesignated standing trees by HOLDER, as described in Sections B7.21, B7.23, and B7.24, or otherwise, is likely to cause substantial silvicultural or other damage to the forest. It will be difficult, if not impossible, to determine the amount of such damage. Therefore, HOLDER shall pay as fixed, agreed, and liquidated damages an amount equivalent to the market value of any LOGS plus the cost of restoring appropriate vegetative cover to the cut area as determined by AUTHORITY. If removal is allowed by CONTRACTING OFFICER, HOLDER shall remove and pay all required FEES for the TIMBER, in addition to the liquidated damages and any assessed penalties.

B7.3 - Payments

B7.31 - Designated Account

HOLDER shall pay MONETARY OBLIGATIONS owed to the GOVERNMENT to an account designated under Section 71 of AUTHORITY Regulation 107-07, on Certain Forest Fees. Payments will be credited on the business day that the keeper of the account receives payment.

B7.32 - Accrual

(a) AUTHORITY shall give the Ministry of Finance prompt notice of accrual of HOLDER's MONETARY OBLIGATIONS owed to the GOVERNMENT, to facilitate accounting of payments.

(b) FEES are due as stated in AUTHORITY Regulation 107-07, on Certain Forest Fees.

(c) The annual Land Rental Bid payment is due on the dates stated in Section B7.11(b); however, if AUTHORITY fails to give HOLDER written notice of the amount due at least 15 days before the due date, payment is due 15 days after AUTHORITY gives HOLDER that notice and provides a written copy to the Ministry of Finance.

B7.33 -- Payment Guaranteed by Bond or Deposited Securities

(a) As noted in Sections B3.15 and B7.34, the GOVERNMENT may draw on HOLDER's performance bond to cover unpaid MONETARY OBLIGATIONS. Whether and when to do so is entirely left to the discretion of GOVERNMENT.

(b) HOLDER may also provide individual security through advance deposit in the designated account or additional Performance Bonds. If HOLDER provides such individual security, the GOVERNMENT shall draw upon such security on the date the payments become due, unless HOLDER gives AUTHORITY and Ministry of Finance other written instructions for drawing upon such security.

B7.34 -- Payments Not Received

The provisions of this Section apply unless Part VI of AUTHORITY Regulation 107-07, on Certain Forest Fees, or some other applicable law is more stringent.

(a) MONETARY OBLIGATIONS are due and payable on the date on which the MONETARY OBLIGATION accrues. HOLDERS owing amounts due for 30 days or fewer may pay the amounts due in full without interest or penalty.

(b) Failure to pay amounts due within 30 days of the date due is a breach of this Contract.

(c) If payment is not credited within 30 days after the date due:
(i) AUTHORITY shall assess and the GOVERNMENT shall collect a penalty of five percent.

(ii) The GOVERNMENT may collect the payment, plus any penalties, plus any interest assessed under subparagraph (c)(ii), through the Performance Bond required under Section B3.15. Such collection does not cure the breach or waive AUTHORITY's right to seek remedies based on the breach. However, it does stop accrual of further interest.

(iii) On amounts past due more than 60 days, AUTHORITY shall assess and the GOVERNMENT shall collect interest at the standard interest rate published by the Central Bank, compounded monthly, on all amounts and penalties past due, with the interest on both the amounts and the penalties accruing from the dates the original amounts were due.

(iv) To facilitate collection of debt, AUTHORITY may waive penalties under this Section if HOLDER in arrears pays all amounts due, with interest, within 1 year of the amounts coming due.

(v) Subparagraph (c)(iv) shall not apply if anyone has filed a lawsuit to collect the amounts.

- (d) The remedies for HOLDER's failure to make payment when due shall be stayed for so long as:
- (i) A bona fide dispute exists as to HOLDER's obligation to make such payment; and
 - (ii) HOLDER files and prosecutes a timely CLAIM.

B7.35 - Prohibitions

- (a) If HOLDER owes amounts past due for log stumpage fees, HOLDER shall not fell trees, or process, trade, or export FOREST PRODUCTS until HOLDER has paid all past due amounts, penalties, and interest due.
- (b) If HOLDER owes amounts past due for forest product fees, HOLDER shall not trade or export FOREST PRODUCTS until HOLDER has paid all amounts, penalties, and interest due.
- (c) If FOREST PRODUCTS harvested are exported without paying the required stumpage fees or forest products fees, AUTHORITY may terminate the Contract or suspend the Contract until the amounts are paid.

B8.0 - PERFORMANCE AND SETTLEMENT

B8.1 - Non-Waiver

The failure of either party, at any time, to require performance by the other party of any provision shall in no way affect the party's rights to enforce that provision or any of the other provisions of the Contract; nor shall the waiver by either party of the breach provisions be taken or held to be a waiver of any subsequent breach of a provision or as a waiver of the provision.

B8.2 - Approval and Consent

Any approvals and consents required under the terms and conditions of this Contract shall not be unreasonably withheld or delayed, nor granted subject to conditions that are unduly onerous or discriminatory against HOLDER.

B8.3 - Disputes and Claims

- (a) Failure by HOLDER to submit a CLAIM for resolution within 60 days of the disputed action by AUTHORITY shall relinquish AUTHORITY from any and all obligations whatsoever related to the dispute.
- (b) Any CLAIM arising under this Contract shall be decided by CONTRACTING OFFICER. CONTRACTING OFFICER shall have 60 days after receipt of the CLAIM, or such longer time as the parties may agree upon, to consider HOLDER's CLAIM and such evidence as HOLDER may present.

[Handwritten signatures and initials]

(c) CONTRACTING OFFICER's decision shall be consistent with law and shall be based on strict interpretation of Contract requirements and the established facts concerning the CLAIM.

(d) CONTRACTING OFFICER shall prepare a written decision and furnish a copy to HOLDER. The decision of CONTRACTING OFFICER shall be final and conclusive, if, within 45 days from receipt, HOLDER fails to appeal the decision to an appropriate Liberian court.

B8.31 - Contract Documents

The parties intend all Contract documents to be consistent with each other. In case of discrepancy, the following is the order of precedence:

- (a) Specific Provisions (Part A)
- (b) General Provisions (Part B)
- (c) Metes and bounds descriptions
- (d) CONTRACT AREA maps
- (e) Plans, such as erosion control and fire precautions and control
- (f) Agreements between HOLDER and AUTHORITY, as authorized under this Contract
- (g) Engineering plans:
 - (i) Figured dimensions over scaled dimensions
 - (ii) Large scale plans over small scale plans
 - (iii) Lists and/or tables in plans over any conflicting notations on plans
 - (iv) Shop drawings
- (h) Standard specifications
- (i) All other referenced or appended documents.

B8.4 - Title and Liability

B8.41 - Title Passage

GOVERNMENT retains all right, title, and interest in and to any standing trees or TIMBER until the standing trees or TIMBER have been cut and scaled, and all MONETARY OBLIGATIONS owed to the GOVERNMENT paid, at which time title vests in HOLDER. After this Contract terminates, title to any TIMBER that HOLDER has not removed from the CONTRACT AREA vests in GOVERNMENT.

B8.42 - Liability for Loss

If standing trees or TIMBER are destroyed or damaged by an unexpected event that significantly changes its nature, such as fire, wind, flood, insects, disease, or similar cause, the party holding title shall bear the value loss resulting from such destruction or damage. This Section shall not be construed to relieve either party of liability for negligence.

B3.6 - Force Majeure

(b) The term force majeure, as used in this Contract, means any cause beyond the reasonable control of the parties and which the parties could not foresee and/or reasonably provide against and that prevents the parties from wholly or partially performing any respective duties under this Contract for 15 consecutive days or more (except as noted). Force majeure includes the following:

- (i) Acts of God, accidents, fires, explosions, earthquake, flood, violent storm, hurricane, lightning, or other natural disasters;
- (ii) War (whether declared or not), revolution, insurrection, invasions, acts of public enemies, or hostilities;
- (iii) Riot, civil commotion, sabotage, strikes and similar labor related disputes (if continuing for a period of 60 days or more), or civil uprising (not resulting from a negligent act of the employer);
- (iv) Epidemic;
- (v) Expropriation of facilities or goods;
- (vi) Unforeseen restrictions on trade, embargoes, blockades, or other activities imposed by any sovereign; or
- (vii) AUTHORITY demands by written order that operations be delayed or interrupted for reasons other than suspension for breach of the Contract.

(b) The rainy season is foreseeable and, therefore, does not qualify for force majeure.

(c) Failure on the part of HOLDER or of the GOVERNMENT to fulfill any of the terms and conditions of this Contract, other than HOLDER's obligations to make payments of money that accrued before the commencement of the force majeure, shall not be deemed to be a breach of the Contract by either party, insofar as such failure arose by force majeure.

(d) If through force majeure, the fulfillment by HOLDER of the terms and conditions of this Contract is delayed, the period of such delay shall be added to the periods fixed by this Contract.

(e) The party failing to fulfill the terms and conditions of this Contract because of force majeure shall give written notice to the other party of the obligations affected and the reasons for failure within 30 days after the occurrence.

(f) Any party who fails because of force majeure to perform its obligations shall, upon the cessation of the force majeure, take all reasonable steps within its power to make good and resume, with the least possible delay, compliance with those obligations.

B3.6 - Contract Interruption

(a) CONTRACTING OFFICER may, by written order, delay or interrupt authorized operations under this Contract or modify this Contract, in whole or in part:

- (i) To prevent environmental degradation or resource damage, including, but not limited to, harm to habitat, plants, animals, or cultural resources;
- (ii) To ensure consistency with the Environmental Impact Assessment and related documents;

[Handwritten signatures and initials]

- (iii) To conduct additional environmental analysis; or
- (iv) To comply with a court order.
- (b) HOLDER's recourse for delay or interruption, if any, is limited to invoking force majeure under Section B8.5.

B8.7 - Breach

In event HOLDER breaches any of the material provisions of this Contract, AUTHORITY shall give HOLDER notice of such breach and of AUTHORITY's election to suspend all or any part of HOLDER's operations. Such notice of breach and notice to suspend HOLDER's operations shall be written, except oral notices of suspension may be given if such breach constitutes an immediate threat to human life or a threat of immediate and irreparable damage to FOREST RESOURCES. Such oral suspension notice may be given to HOLDER's WORK supervisor or, in WORK supervisor's absence, to those performing the operation. An oral suspension notice shall be promptly followed by telephone notice and a written explanation from CONTRACTING OFFICER to HOLDER.

Immediately upon oral or written suspension, FDA Representative shall notify CONTRACTING OFFICER of the suspension and related circumstances. CONTRACTING OFFICER shall promptly review the suspension to determine if the suspension should be continued or lifted. Such suspension shall be lifted as early as conditions permit.

Upon receipt of oral or written notice of such breach, HOLDER shall remedy the breach within 30 days, except under emergency conditions when action should not be delayed to prevent major damage.

B8.71 - Failure to Execute Contract

This Contract is open for signing for only 90 days after the AWARD NOTICE DATE, unless CONTRACTING OFFICER gives a written extension of time. CONTRACTING OFFICER shall terminate this Contract in its entirety in the event that HOLDER fails to submit an initial Performance Bond in a timely fashion as required under Section B3.15 of this Contract. If the HOLDER fails to execute the Contract or post the initial Performance Bond in a timely fashion, liquidated damages shall be equivalent to the Bidder's Bond amount.
