All such sanctions shall be consistent with the due process of law, as enshrined in the Constitution and statutes of Liberia. In keeping with Section 1.9 of the Amended CRL Regulation, a person or community subjected to sanctions may challenge the decision of the FDA or **CFMB** in a court of competent jurisdiction.

ARTICLE 5: ALTERATION OF THE COMMUNITY FOREST MANAGEMENT PLAN

SECTION 5.1

The Authorized Forest Community shall freely determine how its forest resources are managed. The Authorized Forest Community's decision as to how it manages its forest resources is represented in the CFMP, which together with the CFMA establishes a legally enforceable framework.

SECTION 5.2

- (e) Changes to the way an area of forest resources within the Community Forest, which has already been zoned under the **CFMP**, is to be used;
- (f) Changes to the size of a zoned area of forest resources within the Community Forest;

ARTICLE 6: RIGHTS AND OBLIGATIONS OF THE CFMB AND FDA WITH REGARD TO COMMERCIAL HARVESTING OF TIMBER AND NON-TIMBER FOREST PRODUCTS

SECTION 6.1

As an Authorized Forest Community, the **CHEDEPO** Community Forest has the right to engage in the harvesting of timber and/or non-timber forest products (NTFPs) for commercial purposes, under regulations and guidelines issued by the FDA.

SECTION 6.2

Before any commercial harvesting can take place, the Authorized Forest Community must have met all preliminary requirements, as per the CRL and all other relevant laws and regulations. This requires that the community has organized its Community Assembly (Section 6.4(a) of the CRL); the Community Assembly has appointed the Community Forest Management Body (Section 6.4(b) of the CRL); the Community Forest Management Body has developed a Community Forest Management Plan that includes the envisaged commercial activities (Section 6.4(c) of the CRL);

SECTION 6.3

In keeping with the 2006 National Forestry Reform Law (NFRL), the Ten Core Regulations and all other relevant laws and regulations governing Liberia's forest sector, no commercial harvesting of timber and NTFPs shall occur in a Community Forest without the Authorized Forest Community having first met the following requirements:

- (c) The inventory of merchantable tree species and NTFPs must have been independently confirmed by the FDA, in keeping with its statutory responsibility to ensure that areas of forest resources are suitable for the planned commercial harvesting, as per Section 4.5 of the NFRL, and Section 2.2 (g) and Chapter 5 of the CRL; and
- (d) The Authorized Forest Community must have conducted an Environmental Impact Assessment (EIA), as per Section 24 (2) and Section 41 of Regulation 105-07.

SECTION 6.4

Once the FDA has verified that all technical and legal requirements for the harvesting of timber and/or NTFPs for commercial purposes have been met, it shall issue a written notice to proceed to the Authorized Forest Community, through the **CFMB**. Only once the Authorized Forest Community has received written notice to proceed from the FDA shall the harvesting of timber and/or NTFPs for commercial purposes be permitted.

SECTION 6.5

In keeping with Section 13.5 of the NFRL, and Sections 1 through 35 of FDA Regulation 108-07, the Chain of Custody System shall apply to the harvesting of timber for commercial purposes by the Authorized Forest Community.

SECTION 6.6

As established by Section 11.6 of the Amended CRL Regulation, Authorized Forest Communities that harvest timber products for commercial purposes shall pay stumpage fees in accordance with Regulation 107-07.

SECTION 6.7

Authorized Forest Communities shall pay all relevant forest product fees, as established in Regulation 107-07, as well as all taxes and/or fees for the harvesting of NTFPs for commercial purposes, as determined by the Liberia Revenue Authority, in consultation with the FDA.

SECTION 6.8

The FDA shall monitor the harvesting of timber and/or NTFPs for commercial purposes to ensure that all environmental standards are satisfied, and that the Liberia Code of Harvesting Practices is adhered to.

SECTION 6.9

In addition to sanctions applied for failure to comply with the **CFMA** and **CFMP**, as established in Article 4 of this CFMA, the FDA may impose penalties on Authorized Forest Community members under Section 20 of the NFRL and Section 56 of the Environmental Protection Agency Act.

The CFMB, as the representative of the Authorized Forest Community in commercial matters, may negotiate commercial agreements with third-parties, in conformity with existing legal and technical standards.

SECTION 7.2

Before a commercial agreement between an Authorized Forest Community and a third-party can be signed, the FDA shall first review and approve it, as per Section 10.5 of the Amended CRL Regulation.

SECTION 7.3

If, following review, the FDA determines that the proposed commercial agreement does not conform to best industry practices, or does not offer fair market price for the community's forest resources, the FDA shall advise the community on how the commercial agreement needs to be amended before it can be approved.

The Community Forest Management Body and Executive Committee of the Community Assembly shall hear the advice of the FDA, and attest that they have received and understood the advice provided.

SECTION 7.4

The FDA shall review, determine whether or not to approve the proposed commercial agreement and, if appropriate, provide advice on how the commercial agreement needs to be amended within fifteen (15) working days of the commercial agreement being submitted. If the FDA fails to review, officially approve and, if appropriate, provide advice on how the proposed commercial agreement needs to be amended within fifteen (15) working days of submission, the community may either provide the FDA with more time to complete the review of the proposed commercial agreement, or it may consider the requirement for review and approval of the proposed commercial agreement satisfied.

ARTICLE 8: EFFECTIVITY, LENGTH, RENEWAL AND TERMINATION

SECTION 8.1

This CFMA shall take effect upon signing by the CFMB and the FDA and shall be valid for a period of not more than 15 years. One year prior to the expiration of this CFMA, the CFMB shall submit a written request to the FDA to renew the CFMA for an additional fifteen (15) year term. The CFMA can be renewed as many times as the Authorized Forest Community would like.

SECTION 8.2

Approval to a request to renew the CFMA shall be granted only once the FDA has verified that the Authorized Forest Community is in compliance with all legal and technical requirements. Where the FDA determines that the Authorized Forest Community is not in compliance, it shall inform the Authorized Forest Community in writing of the reasons. Only once the Authorized Forest Community has addressed these issues shall the FDA approve the renewal of the CFMA.

SECTION 8.3

The FDA shall approve the request for renewal at least sixty (60) days prior to the expiration date of the CFMA. If the FDA does not provide a response to the request to renew the CFMA at least 60 days prior to its expiration date, the CFMA shall be renewed automatically for another fifteen (15) year period.

ARTICLE 9: DISPUTE RESOLUTION AND ADJUDICATION

SECTION 9.1

Disputes between the Authorized Forest Community and the FDA over this CFMA, which cannot be resolved, shall be mediated by a qualified individual agreeable to both parties. Both parties have the right to retain legal counsel throughout this process.

SECTION 9.2

Where mediation fails to resolve the dispute, the parties shall submit to arbitration, under the procedures established in the Arbitration Laws of Liberia, as found in Chapter 64 of the Civil Procedure Law. Both parties have the right to retain legal counsel throughout this process.

SECTION 9.3

Alternatively, the Authorized Forest Community or FDA may forego arbitration in favor of review by a court of competent jurisdiction.
