Dear MSG Members,

Kindly find attached FY 2020/2021 workplan for your **Provisional Approval** through a “**No Objection**”.

The Secretariat is requesting for a Provisional Approval because the draft National Budget is still at the National Legislature. Upon passage, the Secretariat will resend the workplan to the MSG for final approval. The Provisional Approval will allow the Secretariat to begin the implementation of key activities in the workplan, including sending out the **Request for Proposal for the preparation of the 12<sup>th</sup> EITI**

**Report, Beneficial Ownership Disclosure Registry, and Mainstreaming.**

Please allow the Secretariat to obtain your “**No Objection**”

approval before the close of business day, Monday, August 31, 2020.

Thanks.

LEITI Secretariat

Dear MSG Members,

I've attached the TOR for LEITI's pre-validation exercise and the Memo from the MSG and Secretariat describing how the MSG has decided regarding the beneficial ownership roadmap implementation which became a requirement since 01 January 2020 for your review and "No Objection".

The Pre-Validation exercise is essential in ensuring that Liberia takes no chances with the pending validation that is expected to commence on January 1, 2021. The assessment is crucial to enable LEITI to identify whatever gaps that exist in the implementation process and design short-term programs in mitigating those gaps ahead of the Validation.

The Memo is a part of the data needed by the Independent Administrator for the preparation of the Gap Analysis Report.

---

Kindly allow the Secretariat to have your **“No Objection”** approval of these instruments before the close of the business day on Wednesday, September 16, 2020.

Thanks.
